

The whole contrib space works to keep people close by but focussed on what they are working on, without having to go very far to meet their needs or transition from one space to the other

# Contribution Spaces - Ideal Layout

2. If attendees are headed to general contribution they walk right in

1. Attendees arrive at the event space

Funnel to allow greeters to meet everyone

4. Once attendees have done first time contribution workshop, they are directed to the mentored contribution space

Greeters

3. The greeters talk to the attendees and if they are looking to go to the mentored spaces, they direct them
